A LATIN DICTIONARY, founded on ANDREWS'S

EDITION of "FREUND'S LATIN DICTIONARY." Revised, Enlarged, and in great part Re-written, by CHARLTON T. LEWIS, Ph.D., and CHARLES SHORT, LL.D., Professor of Latin, Columbia College, New York.

"The improvements are such as to defy quotation both from their length and their intrinsic character. New words are added, and new and most happy quotations are introduced; meanings are more carefully differentiated and arranged. The etymological notes certainly far surpass in accuracy and fullness anything as yet attempted in any dictionary."—*Athenaeum*.

"The distinguished American scholars under whose care it appears have spared no time or labour to make the book as representative of the present state of Latin scholarship as Liddell and Scott of Greek."—*Guardian*.
"Everything that the most advanced student can fairly require will be found in these pages."—*British Quarterly Review*.
"The work is evidently one of first-rate merit, and it is sure to command, as it deserves, an extensive circulation."—*British Quarterly Review*.

REMINGTON'S NEW PUBLICATIONS.

FOURTH EDITION OF

PARIS HERSELF AGAIN. By George Augustus Sala. Containing a new Preface, an additional chapter, and 400 illustrations by the first French Artists of the day. 2 vols., demy, 25s.

"Few Englishmen have the French *verve* like Mr. Sala, or so light a touch on congenial subjects. He has stores of out-of-the-way information, a very many-sided gift of appreciation, with a singularly tenacious memory, and on subjects like these in his present volumes he is at his best."—*Times.*

"For those who do and those who do not know Paris these volumes contain a fund of instruction and amusement which can be 'drawn' at almost any page with the certainty of a 'find.'"—*Saturday Review.*

"Such a pleasant mixture of anecdote, observation, experience, knowledge, intelligence, and insight as none but Mr. Sala could supply."—*Pall Mall Gazette.*

These short extracts give a fair idea of the opinion of the entire Press on Mr. Sala's present volumes.

A MODERN IAGO: a Novel. By C. DESPARD, Author of "Chaste as Ice, Pure as Snow," "Wandering Fires," &c.

"A striking novel; will recommend itself to all who have still a liking for good English and a healthy tone of writing."—*Morning Post.*

SAMPSON LOW, MARSTON, & CO.'S LIST.

AT ALL THE LIBRARIES.

MEMOIRS of MADAME de RÉMUSAT
(1802-1806). Translated by Mrs. CASHEL HOYT and Mr. JOHN LILLIE. 2 vols., demy 8vo, cloth extra, 35s. [Vol. I. now ready.]

"These revelations respecting the Private Life of Bonaparte, the Empress Josephine, and other Celebrities of the Political and Social World of Paris, from 1802-1806, have created great sensation in France, and the French Work is already in a Third Edition.

ASK FOR THE ENGLISH EDITION.

"No one will take it up without reading greedily to the end."—*Athenaeum.*

"The most fascinating personal narrative which has been published since Madame d'Arbigny's Memoirs were given to the world."—*Mayfair.*

"It is almost impossible to convey any idea of the intensely interesting character of the book. The Portrait of Napoleon is one of the finest and most carefully minute bits of word-painting ever written, and the writer relates a hundred stories which are new to the most diligent explorer of the annals of this astonishing man. . . . She is certainly most charmingly confidential."—*Mayfair.*

"Few classes of books are in our time more interesting than these legacies of past times, especially of times so recently passed that their questions are still burning, and their personages still familiar."—From Leading Article in the *Daily News.*

"These particular memoirs are moreover unusually attractive. As illustrating the interior history of the Bonaparte family, there is hardly any book which can equal them, while the personality of their writer is not the least interesting revelation."—From Leading Article in the *Daily News.*

Now ready, demy 8vo, cloth extra, 21s.

NEW BOOK OF ASIAN TRAVEL.

THE FORBIDDEN LAND: Voyages to the

Corea. By G. OPPERT. With Illustrations and Map.

"Here, then, is the phenomenon of a population of 16,000,000 without a history, and inhabiting a land which has been for centuries a sealed book to European research. It will be easily guessed, therefore, that Mr. Oppert's book has an interest distinctly unique among later books of travel. It is offered as a picture of an unknown country, and very admirably and faithfully fulfils its end."—*Mayfair.*

RUSSIA and COREA.—The Author says in

his Preface: "Probably at no distant period those Powers which have an interest at stake in Eastern Asia will be compelled, with or against their will, to take into consideration what may be termed the Corean question—we may hope ere it is too late. The whole of the East Coast as far as the Tumen is already in the possession of Russia; a very small army and a few war vessels are all that is required to occupy and hold permanently the Corean peninsula; and if Russia chooses she may at any moment make herself master of the entire Eastern Coast of Asia down to the Sea of Japan." The Author goes on to suggest that England should be alive to what is going on there.

LIFE and WRITINGS of HENRY

THOMAS BUCKLE, Author of "The History of Civilization." By ALFRED HENRY HUTH. In 2 vols., demy 8vo, cloth extra, with Two Steel Engraved Portraits of Buckle, 32s. Second Edition.

"Mr. Huth has done his part of these volumes well and thoroughly."—*Saturday Review.*

"**MR. HUTH'S BOOK,** which seems to be written with rare sincerity, shows us the man as he was, not the philosopher as he was supposed to be."—*Saturday Review.*

BUCKLE'S LIFE.—"The first volume of

his great book was published in 1857. It became celebrated at once. . . . Unknown correspondents pestered him from all parts of the world, and one American young lady (Vol. II., p. 50) was almost as explicit as the maiden in "Excelsior"—

"On! come," the maiden said, 'and rest
Thy weary head upon this breast.'
As to the Russians, they darted on Mr. Buckle's book as the most advanced thing out."—*Saturday Review.*

"Few things in the way of small books upon great subjects, avowedly cheap and necessarily brief, have been hitherto so well done as these biographies of the Great Masters in painting.
